Why Attend?
Frontiers in Endoscopy is intended to provide up-to-date information on new techniques, devices, and procedures in flexible endoscopy. Attendance at this course will expose the attendee to recent advances in the field of gastrointestinal endoscopy and gastroenterology.

Learner Objectives
By participating in this program, you should be able to:
• Evaluate safety in the routine use of propofol in the endoscopy setting.
• Discuss critical literature regarding the use of propofol in endoscopy.
• Describe emerging technologies for the diagnosis and treatment of IBD.
• Discuss the current guidelines for surveillance of IBD.
• Identify common endoscopic adverse events.
• Describe management of common endoscopic adverse events.
• Describe the roles of the members of the health care team in their respective responsibilities for quality care.
• Discuss the reasons why quality matters.
• Discuss how members of the healthcare team can work together to optimize colonoscopy quality.
• Describe fecal microbiota transplant (FMT) and its current purpose in the management of gastrointestinal diseases.
• Describe the methods of administration for FMT.
• Discuss selected studied patient outcomes and current research regarding FMT.

Audience:
This course was designed for Nurses, Allied Health Professionals, and others who work in gastroenterology practices or endoscopic services. The goal of this educational activity is to support safe, effective, patient-centered, timely, efficient, and compassionate care.

Provided By:
Baystate Health Gastroenterology
Baystate Continuing Interprofessional Education

Accreditation:
Baystate Health is accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Nurses: This activity carries a maximum of 5.0 contact hours.

Program Schedule:
7:30  Registration, Continental Breakfast and Exhibits
8:00  Routine Use of Propofol in Endoscopy For or Against: An Academic Debate
     Christopher Dow, MD
     Assistant Professor of Anesthesiology
     Tufts University School of Medicine
     Medical Director, Baystate Medical Center
     Rony Ghaoui, MD
     Assistant Professor of Clinical Medicine
     Tufts University School of Medicine
     Director, Department of Gastroenterology
     Baystate Medical Center
9:00  Endoscopy and Inflammatory Bowel Disease (IBD)
     John Wysocki, MD
     Gastroenterologist, Baystate Medical Center
10:00 Break
10:15 Endoscopic Complications: Oops, What Do I Do Now?
